

# Alby's AMAZING BOOK

*illustrated by*  
CATALINA ECHEVERRI

Some squirrels like  
going on treasure hunts...

The illustration features a yellow background with several stylized squirrels. At the top, a group of four small squirrels in pink tutus and white collared shirts are dancing. In the center, a large squirrel with a massive, curled orange tail is wearing a blue polka-dot apron and a blue headband. At the bottom left, a squirrel with a large brown tail is wearing a red t-shirt with a white number '5' and a blue visor. On the far left and right edges, parts of other squirrels are visible, one in a blue patterned skirt and another in a red top. Small, faint drawings of acorns and butterflies are scattered across the page.

Some like  
throwing acorns,

or playing chase.

But Alby likes

**STORIES** best of all!

You see, Alby doesn't just  
read the **words**, or

look at the **pictures**...
