Can you typeset our ad for us?

Yes – if you send us the text you want to include in your ad, we will do the rest. Please send us the text in a Word document. And please do be realistic about how many words can fit into an ad. As a general guide an eighth page ad should have no more than 110 words – even fewer if you want to include your logo and bullet points.

We are happy for your logo to appear in your ad. If you would like us to typeset your ad, please send us a high resolution version of your logo along with the text – 240dpi minimum, 300 dpi preferred. Please don't just cut and paste your logo into a word document.
