

## This or That Game Ideas

Play your own version of the game Miss Shanner leads at kids' club. Choose a leader for the game (or take turns).

To play, the leader calls out two options. Stand up if you like the first option better, and sit if you prefer the second option. Keep count of how many times you stand up. When you are finished playing, see who stood up the most and the least! If you stood up most of the time, you and Abigail have a lot in common.
